

Michael T. Slawski, CISSP  
[mslawski@gmu.edu](mailto:mslawski@gmu.edu)

Michael Slawski is the treasurer of the George Mason University Information Security & Assurance Association. He is earning a Master of Science degree in Telecommunications (concentration in Information Assurance) from the Vogenau School of Information, Technology, and Engineering and will graduate in August 2009.

Michael has just accepted a new position with ICF International as the team lead for Housing and Urban Development's Computer Incident Response Team (CIRT). Before this assignment, Michael was the lead planner for Computer Network Defense (CND) exercises at the Marine Corps Network Operations and Security Center (MCNOSC) for two years. During the year prior to that he served as the Service Level Agreement (SLA) team lead for the MCNOSC, where he was responsible for on-site penetration testing and network scanning of the Navy-Marine Corps Intranet at various sites across the country. Michael was employed by Northrop Grumman Information Technology during his three years at the MCNOSC.

Before working for Northrop Grumman, Michael served in the Marine Corps on active duty from 2000 until 2004 as a communications officer. He served as both a platoon commander and a staff officer during Operation Iraqi Freedom with 1<sup>st</sup> Battalion, 10<sup>th</sup> Marine Regiment. Michael has led a single-channel radio platoon, a multi-channel (MUX) radio platoon, a battalion communications platoon, and has served as an assistant regimental communications officer. Before earning his commission in 1999, Michael served in the Marine Corps Reserve for six years as a rifleman.

Michael holds a Bachelor of Arts degree in English from George Mason University, a Master of Science degree in Business Administration from Boston University, and an 18 credit hour Graduate Certificate in Information Systems Security from the University of Virginia.
